Marks Hall and the manor of Marcie Fee, of which it is a part, lie in the parish of Margaret Roding, a village a few miles to the north-east of Chelmsford, Essex.

In the 14th century, the manor was in the possession of the de Bohun family, but in 1403 the manor was given to King Henry IV. At this point there is a certain obscurity. Almost at once Henry, the owner of the lands, gave them to University College, but he made it clear (see UC:E3/D1/4) that the exact conditions of the donation were to be arranged by Walter Skirlaw, then Bishop of Durham. It is therefore possible that, although Henry was the actual donor, Skirlaw may have lobbied the King to make such a gift. Although Skirlaw has been claimed as a former Fellow or commoner of University College, no proof of this exists (see A. B. Emden, *Biographical Register of the University of Oxford to A. D. 1500* iii. 1708–10): his interest in the place might have been aroused just as much by the links between University College and his diocese. Under the statutes which he drew up for the new benefaction, Skirlaw decreed that the income from Marks Hall should support three Fellows, and that preference be given to candidates from the dioceses of York and Durham. Income from the new property is first recorded in the account rolls for 1406/7.

The College appears to have preferred to leave the management of the manor to stewards, although, certainly in the fifteenth century, Fellows appear to have made yearly visits (UC:MA10/L2/1 records a misadventure which took place on one such visit in 1426). The account rolls of the College to 1596/7, which have been published as Volumes 39 and 40 (new series) of the Oxford Historical Society, include many important references to the College’s dealings with the manor.

The name of the property require some explanation. The actual manor has been called various names: in 1403 it was called the manor of Rothyngh Margaret, but by the sixteenth and seventeenth centuries it was usually called the Manor of Marcie Fee, a name it retained until the twentieth century. Within this manor, the College possessed manorial rights over certain properties, which it leased out on copyhold tenure, but it also possessed the freehold of the farm of Marks Hall, and of a mill called Waples Mill. The College leased out the farm and the mill, sometimes together, sometimes separately.

For much of the nineteenth century, University College employed a firm of London solicitors, Pennington and Lewis and Lewis, to manage some of their estates, including Marks Hall and Waples Mill. In 1979 a large consignment of their papers relating to University College were given to the College via the British Records Association. These papers have been catalogued as UC:P1, and include much material relating to Essex, which is cross-referenced here. It is also included in the index at the end of the catalogue. All the items in this collection were found in the archives during the stocktaking of 1993, except for UC:E3/D2/54, which was part of a collection of papers from the Estates Bursary transferred to the archives in December 2007 as Accession No. 753.

University College sold its property at Marks Hall in 1954 (see *University College Record* 1953/4, p. 10).

The accounts of University College contain much additional information on Marks Hall and its manor. Those up to 1596/7 have now been published (see below). The accounts for 1477/8–1484/5 will be of particular interest, because whereas in other years only the...

Smith goes on to transcribe what he can of the document.

These three documents could not be found in autumn 2003.

UC:E3/D1 - DEEDS RELATING TO THE GIFT OF MARKS HALL, 1403/4 & 1427

UC:E3/D1/1  22 Nov 5 Hen IV (1403)

Grant

Parties:
   b) Richard Waldegrave, knight.
2. King Henry IV.

Property: Certain (unspecified) lands in Rothyng Margaret which John Botiller held for the term of his life, and the manor of Rothyng Margaret, Essex, which Thomas Symon, knight, held for life.

Comments: Humphrey de Bohun, former Earl of Hereford, Essex and Northampton, and Constable of England, on the Sunday before the Nativity of St. John the Baptist 45 Edw III (22 Jun 1371) gave to Simon Sudbury, then Bishop of London, Richard, Earl of Arundel and Surrey, Guy de Brian, John Knyvet, Richard Penbriggs and Thomas Maundevill, knights, and to Adam Fraunceys, John Bampton, Philip de Meireth, clerk and Ivo Standhurst, the reversion on the above properties, which were due to return to Bohun. By another deed, dated the Sunday after the Circumcision 46 Edw III (2 Jan 1373), Bohun quitclaimed his rights on these properties to the above. On 15 May 10 Ric II (1387) Guy de Brian, the last of the feoffees to survive, gave his rights to these properties to 1a (then Bishop of Ely) and 1b (who are still alive), and to William Brian and John Gyldesburgh, knights (who are now
dead). Now 1 give the above properties to 2. Given at Rothyng.
The two seals, of Thomas Arundel and Sir Richard Waldegrave, both survive in reasonable condition.

Grant
Parties:
1. Walter [Skirlaw], Bishop of Durham
2. The College of the Great Hall of the University of Oxford
Property: The Manor of Rothyng Margaret in Essex.
Comments: The King is intending to give the above property to 2, and has asked 1 to arrange on what terms the gift is to take place. 1 therefore asks that 3 Fellows of University College, priests, who should pray for 1 and the King in their lifetimes, and for their souls after their deaths. They should receive the same commons as other Fellows, and an extra 40s a year. They are not to receive extra money from other sources to hold masses for them. A fellow refusing to carry out his duties or taking up another benefice, or priesthood, is to vacate his post in the College. Fellows need not be graduates, but appropriate non-graduates, of good character and apt to study theology, may also be selected. All the Fellows of the College are to say a requiem for 1 on the day of his death, and are to receive 6s 8d each on this day, and another 6s 8d on the feast of St. Cuthbert. The 3 special Fellows appointed should be selected from students at Oxford or Cambridge who originate from the dioceses of York or Durham, if at all possible, and are to obey all the existing statutes of the College. Visitors are to appointed [1 does not say how], who are to check that his statutes are observed, and read out yearly, and the Fellows are to swear to obey them. These statutes can be modified in 1's lifetime, as is seen fit.
Given at 1’s manor at Auckland.

UC:E3  Marks Hall and the Manor of Marcie Fee, Essex, 1295/6-1970

Smith notes that no rolls were extant from the reign of Charles I when he examined the papers. However, he did note the existence of nine rolls dating from 1649–87, and one each for the years 1693 and 1703, to which he assigned the references Pyx H1 fasc. 4 rot. 1–9 and Pyx H1 fasc. 5 rot. 1–2. All these rolls have been missing at least since the middle of the nineteenth century (see UC:E3/MS1/5), and even the rolls from 1744 were lost for a while (see UC:E3/C2/1).

Note here UC:P1/2/CR1/1–14, which comprise some copies and drafts of manorial court proceedings dating from between 1744 and 1870.

UC:E3/CR2/70  19 Oct 1750

UC:E3/CR2/74  1847–1914

Estreat Rolls are true copies of fines and amercements. These rolls partly fill the gap in the sequence in 1565–1592.

Smith’s numbering of these documents is problematic. In Vol. II of his transcripts (UC:AR2/MS1/2), having listed UC:E3/CR2/56–59 above as Pyx H fasc. 1, he then begins Pyx H fasc. 2 with a list of estreats of court rolls, to which he assigns no reference, and then lists the two 1592 court rolls (UC:E3/CR2/60–1) as nos. 5 and 6. However, the estreats themselves were numbered by Smith as Pyx H fasc. 2 rots. 1–8. The 1592 court rolls are therefore listed with UC:E3/CR2/56–59 (with which Smith bundled them in any case), and the estreat rolls are listed here as UC:E3/CR3.

All these rolls are written on paper (except for UC:E3/CR2/7 which is written on parchment), and in English. UC:E3/CR2/2, 5–6, and 8 also have a small piece of parchment attached which was used as a wrapper. They had been tied together in a bundle by William Smith.

UC:E3/CR3/1  n.d. (c.1558–1603?)

Estreat roll of courts leet held in Holy Fee and Marcy Fee on 2 Aug 16 Eliz I. [Original reference Pyx H1 fasc. 2 rot. 4]

Estreat roll of courts leet held in Holy Fee and Marcy Fee on St. Mary Magdalen’s day, 21 Jul 25 Eliz I. The dating of this roll is problematic: St. Mary Magdalen’s day is 22 July, not 21 July, and the parchment wrapper dates the roll to 26 Eliz I. 21 Jul 25 Eliz I seems to be the right date. [Original reference Pyx H fasc. 2 rot. 5]

In addition to these documents, Smith also noted some other rentals, which he numbered as “Pyx I fasc. 1 rot. 8, and rot. 9 nos. a-c”. Rot. 8 he described as “an account of descents and alienations from the 4th of ed 6 to ye 33 Car 2di” (UC:AR2/MS1/2 pp. 98-99), and rot. 9a-d as four rentals from 1639, 1640 or 1650, 1660 or 1670 and 1681. (UC:AR2/MS1/2 p. 99). Later, someone added a “Pyx I fasc. 1 no. 10”, described as a terrier of Marks Hall, taken in 1739. None of these documents could be found in 2003.
UC:E3/E1/1

Rental of Marks Hall, dated tentatively by Smith (UC:AR2/MS1/2 p. 97) to 5 Hen IV (1403/4). This document (written on a parchment roll) has been badly stained with gall, and much of it is now not easy to read. A transcript of it, however, may be found at Smith UC:AR2/MS1/2 pp. 129–131.

Language: Latin.

UC:E3/E1/2

Paper copy of the dorse of UC:E3/E1/1 above. Smith, in his annotations of this document, suggests that this copy was made in 1616. UC:E3/E1/3

UC:E3/L3 - DECLARATION ON FINANCES, 1436

UC:E3/L3/1
Sunday after St. Laurence 14 Hen VI (12 Aug 1436)
Declaration
Parties:

**Comments:** 1 held the manor of Merkes (better known as Marks Hall) in fee farm from the Master and Fellows of the Great Hall of the University of Oxford. He now declares that he has paid Thomas Benewelle, Master of the College, for all the arrears for 12 Hen VI, and for the rents from 13 Hen VI. Some Fellows of the College dispute how much he has paid them, so 1 now makes oath that he has paid the college the full amount, declaring when he paid Benewelle, and how much, and also how much he paid to the Procurator of the college, John Elewyk, naming as witnesses John Cosyn, Richard Stanes, Robert Bygood, and Robert Achelham.

After the main part of the text, there follow two memoranda. The first says that John Elewyk owes 1 2s 10d, the second that 1 owes the College £17 2s 8d for 13 Hen VI, in addition to an old debt of John Tyrell.

The document is in fair condition; however, the handwriting is particularly untidy. Smith (UC:AR2/MS1/10 p. 41) noted 5 seals on the document; now only three survive, with a fragment of a fourth.

The document has some holes in it, with some text missing. Smith's transcript (UC:AR2/MS1/10 pp. 49-50) shows that parts of it were missing in his day. A fragment of the seal survives.

UC:E3/L5 - PAPERS ON A DISPUTE WITH THE MORDAUNT FAMILY, 1521–30

Smith inserted a note (listed as L5/5) about the documents in UC:E3/L5–L8, which, although he catalogued them all under “Pyx I fasc. 2”, he nevertheless divided them into four categories, which are observed in the new catalogue, thus:

1. “Decrees relating to 3 acres of meadow usurped from ye Coll by ye family of the Mordants & by ye Councill [illegible] from n.1 to n.4”. (UC:E3/L5)
2. “Several bills and Answers relating to ye tyth of Marks hall - between ye Rector of Stondon and ye Rectorof Margt Rothing. The right seems to be the former. from n.4 to number 12.” UC:E3/L6
3. “Papers relating to a claim of x s rent out of lands in Margt Rothing called Nevells land of Gardnet; I think fairly claimed since ye Lord of yt manor held Garnet’s of ye manor of Mars Hall. from n.12 to n.14.” (UC:E3/L7)
4. Acquittances for a quit rent of 3s 4d payable by ye Coll to ye Lord of ye Manor of Newland Hall for a field called Gofford in Margt Rothing ye last acquittance is for an arrear of eleaven year amounting to 1.18.6 dated 11 febr 1651... from n.14 to n.17.” (UC:E3/L8).

UC:E3/L5/1  20 Feb 12 Hen VIII (1521)
Decree of the King’s Council relating to a dispute between University College and John Mordaunt, Esq., executor of William Mordaunt relating to 3 acres of land in the manor of Marks Hall, which William Mordaunt claimed as his own, having purchased them from Humfrey Torell. The court finds in favour of the College.

UC:E3/L5/4  18 Oct 22 Hen VIII (1530)

UC:E3/L6 - PAPERS CONCERNING DISPUTES ON TITHES FROM STONDON, C.1530–1612

See introduction to UC:E3/L5 above concerning the original grouping of these documents.

UC:E3/L6/1

Paper booklet of 59 pages (dated to c.1530 by Smith) comprising a collection of various documents by Simon Thompson, Rector of Stondon, Robert Chirton (also Shurborn), the vicar of Margaret Rothing, and others, relating to a dispute between the parishes over the rights to the tithes payable by Marks Hall.

The booklet is in poor condition; almost all the pages in its second half have lost text due to damp. The numbering of the pages (done by Smith) suggests that the damage had been done even by then.

Language: Latin.

[Original reference Pyx I fasc. 2 no. 4³]

UC:E3/L6/2

Paper booklet (in rather better condition than L6/1 above) containing copies of more documents relating to the above dispute.

Language: Latin.

[Original reference Pyx I fasc. 2 no. 5]

UC:E3/L6/3

A third paper booklet containing evidence collected for the above dispute. A hole (caused by rodents?) is in the middle of the (now folded) booklet, so that every page has a substantial portion of text missing.

Language: Latin.

[Original reference Pyx I fasc. 2 no. 6]

UC:E3/L6/4

Extract, written on parchment, from the episcopal register of Falk Basset (Bishop of London 1244–1259) containing notes on the parishes of Stondon and Margaret Rothing. This was presumably transcribed in connection with the above dispute.

Language: Latin.

UC:E3 Marks Hall and the Manor of Marcie Fee, Essex, 1295/6-1970

In his notes on this deed (UC:AR2/MS1/2 p. 141) Smith writes that the absence of other documents relating to this case suggests to him that the decision went in favour of the College.

UC:E3/L8 - PAPERS ON A QUITRENT PAID TO THE MANOR OF NEWLAND HALL, 16th–20th CENT.

See introduction to UC:E3/L5 above concerning the original grouping of these documents.

UC:E3/L8/1  c.1521–47
Acquittance for a quit rent of 3s 4d paid to the College by Thomas Tenderyng, Lord of the Manor of Newland Hall for a field called Gofford in Margaret Roothing. This document is badly stained, mainly where its date is given. Smith only dates it to ‘temp. H. 8’, which suggests that the staining was there when he examined it. Because Henry is called “Defender of the Faith”, it must date from after 1521.

UC:E3/L10 - AGREEMENT ON LEASE, 1825

UC:E3/L10/1  2 Apr 1825
Copy of a memorandum of agreement between W. A. Peppercorn, on behalf of the Master and Fellows of University College, and Willey Stock of Margaret Roothing, Essex, by which Stock agrees to be leased the farm called Marks Hall for such times as the College will agree, for a rent of £330.

UC:E3/D2 - LEASES OF MARKS HALL AND WAPLES MILL, 1414–1926

Smith arranged UC:E3/D2/1–7, 9–11, 13, 15, 17, 20, 22 and 27 into one bundle, and UC:E3/D2/12, 14–15, L9/1, D2/18–19, 21, 23–26 and 28 into another. but he appears never to have decided what fascicule number to give this earlier sequence of leases, but the other group were called “Pyx I fasc. 2”, which is confusing, since this number had already been assigned to documents in L5–L8 above.

Leases dating from 1806, 1825, 1826, 1839 (draft), 1844 (draft) and 1867 were found in the papers of Pennington and Lewis and Lewis (see UC:P1/2/D1/1–14).

This deed is in poor condition, with much of the text, including the dates, illegible due to staining. Smith (UC:AR2/MS1/2 p.
158) suggested 14 Hen VIII. This deed could be related to
D2/11 above, in which the manor of Marks Hall was leased to
1a and 1b, but Ralph Hamsterley is named as the Master
there, and the dates are wrong. This bond therefore probably
relates to another lease, now lost, which dates from the 1520s.

2. (a) William Rogers of Margaret Rodinge, Essex, Yeoman.
   (b) John Grene of Wevones, Essex, Mariner.

Comments: 1 is bound to 2 to ensure 2's quiet occupation of the manor of Marks Hall, provided that they obey the agreements made between them. This bond, written on paper, and lacking seals and signatures, is almost certainly a draft or a copy a lost original.
