Data Officer

About the College
University College (‘Univ’) founded in 1249, is the oldest educational foundation in Oxford. The College has approximately 360 undergraduate students, 200 graduate students and 50 Fellows. Similar to other Oxford colleges, Univ is an independent, self-governing establishment. Univ is headed by the Master and lead by the Governing Body of Fellows, which has overall responsibility for all aspects of running the College.

Univ has an endowment of over £140 million and a mature and well-established fundraising programme. It is one of the leading Colleges in Oxford for fundraising and alumni relations and amongst the most widely supported Annual Funds of UK higher institutions by a considerable margin.

The Development Team
The Development Team is primarily responsible for alumni relations and fundraising. They enable students to keep in touch with other members of the Univ community and with the College after they graduate. They also organise events for Old Members (alumni) including subject reunions, Gaudies (year group reunions) and special conferences and seminars.

While each member has specific responsibilities, it is a friendly ‘all hands on’ office where considerable teamwork is welcomed and expected.

Role of the Data Officer
The Data Officer plays a central role in ensuring that data is up-to-date, clean and well-structured, that requests for data are responded to in a timely manner, that reporting and metric gathering proceeds smoothly, that the database interfaces well with other information systems in use in the College, that office Policies and Procedures remain compliant with data protection legislation, and that colleagues across the College are well-informed concerning changes and are provided with high-quality training materials. Further details of the duties are provided in the Job Description.

Pay and Benefits
This is a permanent position. The salary offer is on grade 5, from £26,341 to £31,406 per annum (depending on full-time or part-time hours).

The post-holder will be expected to work flexibly depending on business needs, including extra hours on occasions, for which TOIL will be given. There is the potential for home working, although physical presence may be needed on occasions (such as attendance at College events).
The post carries with it generous benefits, including:
